

FINAL REPORT OF THE GRAND JURY ATTACKS ARE MADE ON THE JEWS

ODESSA, JULY 24.—3:30 P. M.—ANTI-JEWISH OUTBREAKS HAVE COMMENCED HERE. A NUMBER OF PERSONS HAVE ALREADY BEEN KILLED OR WOUNDED. COSSACKS AND ROWDIES ARE PLUNDERING THE DESERTED JEWISH HOUSES AND SHOPS. ON SEREDNAIA STREET THREE JEWS WERE KILLED AND THREE WERE WOUNDED IN ATTEMPTING TO DEFEND THEIR PROPERTY WHILE THE POLICE LOOKED ON. ANOTHER BLOODY CONFLICT IS NOW REPORTED TO BE IN PROGRESS IN STEPOVAL STREET. THE WHOLE CITY IS IN A STATE OF PANIC. MANY OF THE INHABITANTS ARE FLEEING. THE BLACK HUNDREDS ARE DISTRIBUTING BLOODTHIRSTY PAMPHLETS.

HUSBAND AND HART CENSURED

Censors Tell About the
Defalcation of Late
Treasurer.

The final report of the grand jury was filed today with Superior Judge Harris, and the jury was discharged. No indictments were returned but ex-Chief Deputy Treasurer Charles Husband was censured for his part in the shortage of the late ex-Treasurer A. W. Feltner.

BROWN COMPLIMENTED.
Deputy District Attorney Everett Brown was called before the jury and was informed that that body had been charged when drawn, not to compliment county officials in their final report for doing their duty, but as they were about to make their final report to the court they took the opportunity of thanking him for the able and satisfactory manner in which he had answered all the questions.

THE REPORT.
The report is as follows:
"To the Honorable the Superior Court of the County of Alameda, State of California: The present grand jury was drawn before the Hon. T. W. Harris on the 15th day of December, 1905, T. A. Crella being named as foreman and thereafter they organized by electing H. S. Anderson as secretary, and immediately entered upon the discharge of their duties as such grand jury. H. K. Snow was appointed an expert to examine the books of the various county officers and his report is presented herewith and made a part hereof.

Many matters were presented to the grand jury for investigation and in each instance as in the opinion of the grand jury justified indictments, they were presented to the court.

TREASURER'S OFFICE.

During the tenure of this grand jury the death of County Treasurer A. W. Feltner occurred, and the shortage in his accounts as such treasurer immediately thereafter became known. The grand jury have carefully investigated the conditions that made it possible to conceal from general knowledge for so long a time any shortage in his accounts. We find that the shortage, aggregating \$10,491.23, came entirely through the misappropriation of special funds of which under the law, by virtue of his office, he expressly made the direct custodian. The money in this fund were in no sense county money, and were not subject to the special rules governing the handling and treatment of such county funds. The only record account book or tab kept of these funds by the treasurer seems to have been a private memorandum or account book. In the possession of the treasurer, and it was possible for him to conceal

BEACH SOULE IS TO TAKE A BRIDE

The engagement is announced of Beach Soule, a well known Oakland young man, and Miss Hortense Guyot of Los Angeles. The wedding will take place at the home of Mr. Soule's mother on Monte Vista avenue, Linda Vista, next Saturday morning at 11 o'clock. The Rev. Mr. Allen of St. Paul's Episcopal church will officiate. Miss Guyot is a charming young lady and has a host of friends in Los Angeles.

GIRLS CONTRADICT IN THE NOLAN CASE

Statements Are Changed in Reference to the Actions of the Professor.

SANTA ROSA, July 24.—Contradictions marked the investigation of the charges preferred against Walter C. Nolan, which were resumed today before the Sonoma county Board of Education.

Ella England testified she was with Bella Johnson on the morning of July 4, on which morning the girl is alleged to have been at Nolan's house.

Bella Johnson had admitted to Detective Lucas that she was at Nolan's that morning.

RUSSIA MAY HAVE DICTATOR

Czar Said to Be Ready
to Appoint Absolute
Commander.

ST. PETERSBURG, July 24.—The way has been prepared for a military dictator by a proclamation now under consideration at Peterhoff to create an advisory council including the emperor, Premier Stolypin, General Trepoft and others are today conferring with the emperor upon the subject. On the surface the scheme is to form such a council out of the members of the council and empire and consist of such Liberals as M. Shipoff and Guchoff and also several Constitutional Democratic leaders, with the purpose of reassuring the population of the sincerity of the government's future intentions.

REPRESSIVE MEASURES.

M. Stolypin evidently believes sincerely that these plans are practicable, but there is little hope that either Guchoff or Shipoff will in any way make themselves responsible for the energetic measures of repression which the Emperor's coup d'etat entails and it is certain that none of the Constitutional democrats will brave the open charge of open treason with co-operating with any government measure to which they have committed themselves at Viborg.

FAILURE SURE.

The plan therefore, is doomed to failure, seems to be a deliberate plot of the court crumilla to induce the Emperor, who shows weakness and vacillation in the present crisis, when energy and nerve are imperative to entrust the direction of affairs to an advisory council and while nominally the council would retain the authority, the camarilla would gradually absorb its power and exercise a virtual dictatorship, as did Count Loris-Melik.

TRIED TO CAST DEAD DAUGHTER OUT OF WINDOW

NEW YORK, July 24.—Charged with removing the body of his dead daughter from a coffin and attempting to throw it out of a window, Charles Anderson was called an "inhuman monster" by Magistrate Moss in the police court yesterday.

"My only regret," said the magistrate, "is that there is no adequate punishment for the crime. Civilization has never dreamed of such an outrage against decency and the statutes provide no penalty in keeping with the malignity and horror of your act."

Witnesses said Anderson went to the home of his wife on Park avenue on Sunday when the funeral was being arranged, drove his wife and other mourners out of the place, then deliberately tried to throw the body of his daughter out of a window. He was sent to the workhouse in default of \$500 bail.

Heir Is Lost to Holland.

WILHELMINA, Queen of the Netherlands.

THE HAGUE, July 24.—Queen Wilhelmina was taken ill last night. A premature delivery followed, causing gloom throughout Holland. It was announced today that the expectation of an heir to the throne at this time will not be realized.

MURDER OF SAILOR

SAN FRANCISCO, July 24.—Detective E. M. Egan, who has been investigating the death of George Cunningham, a sailor, residing in Fruitvale, reported this morning that he had discovered two men who have some knowledge of the circumstances surrounding the death of the seaman. From the report of Egan it would seem that the sailor came to his death at the hands of a union sympathizer, who struck him a blow on the jaw.

Walter Campbell, a painter, residing at the corner of San Bruno avenue and Eighteenth streets, stated to Detective Egan that he was standing about 150 feet from the corner of Stuart and Mission streets where the sailor met his death. He saw a man approach Cunningham and say "Hurry up; be quick." The next moment the fist of the stranger shot out and Cunningham fell. The man who did the striking then continued on to where he encountered John Fitzgerald and said: "You had better go pick the body of a scab up."

The man then hastened around the corner and disappeared.

The stranger, as described by Campbell and Fitzgerald, was about 35 years of age, 5 feet 9 inches tall, weighing 165 pounds.

WEBER TO HANG

AUBURN, Cal., July 24.—Adolf Weber is to be hanged at Folsom between the hours of 1 a. m. and 1 p. m. on September 12, 1906. Weber was brought into court at 9 o'clock today and the time for sentence was fixed for 11 o'clock. At that hour the courtroom was packed. Weber was clean shaven, his hair had been trimmed and he looked much better than when last in court. He showed no excitement except a slight twitching of the mouth.

He was accompanied by his attorney, F. P. Tuttle.

District Attorney Robinson made a formal request that the defendant be re-sentenced. The remittitur which arrived this morning was read and the court asked if the defendant had any legal cause why the judgment should not be carried out. Attorney Tuttle made a request to allow as much time as possible before the date of execution as he wished to appeal to the Governor for a stay of execution.

DELEGATES SELECTED BY UNIONS

Convention to Be Held at
Germania Hall Next
Sunday Night.

A convention has been called of members of the labor unions of Alameda county to meet in Germania hall, next Sunday afternoon at 2 o'clock. At this convention, in all probability, it will be decided whether or not the laboring and trades union people of this county will go into politics, and place a ticket in the field at the next primary and, subsequently, in the county elections. If definite action should not be taken at this convention, it will be because some of the unions will have failed by that time to elect delegates to the gathering.

WANT UNION MEN TO DECIDE.

The convention referred to has been called by the Labor Council of Alameda county. The call for this gathering was issued by that council a short time ago and set forth the fact that it was desirous to ascertain whether or not labor union people of Alameda county desired to go into politics and to put a ticket in the field at the next election.

It also set forth that, if such action was to be taken, it would be advisable to have it decided upon by those who were to do the voting, and not by a number of people who did not represent the members of the trades unions of this county.

The time is short in which to have all the unions elect delegates, and it is probable that if a considerable number of unions should show that they have not had time to elect delegates, the convention may be continued for one week from Sunday next, the purpose being to give all the unions a chance to be heard.

The basis of representation in the convention will be ten delegates for the first one hundred members or fraction thereof of each labor organization, and five delegates for each succeeding one hundred members or fraction thereof.

ALL LABOR BODIES CALLED ON.

The invitation to send delegates was extended to all unions affiliated with the Labor Council, but also to those in the Building Trades Council, and the several organizations of railroad employees, among them being the Switchmen's Union, the Order of Railway Conductors, the Brotherhood of Trainmen, and others.

MEMBERSHIP.

There are sixty-two labor unions in Alameda county. If all these unions should send delegates to the convention, it is expected that there would be between seven and eight hundred delegates on the floor. Some of the unions, it is known, have already elected representatives, but accurate knowledge on this subject may not now be secured, because of the absence of a list of the delegates.

DEATH SENTENCE FOR THE EMPEROR

ST. PETERSBURG, July 24.—Proclamations announcing that the death sentence has been imposed on the Emperor, Gen. Trepoft, M. Poidesneff, who was procurator of the Holy Synod; Gen. Orloff, the pacificator of the Baltic provinces, and others, have been scattered over part of Peterhoff. The terrorists are said to have succeeded in nailing copies of the sentence on the doors of Gen. Orloff's and Gen. Trepoft's quarters.

MRS. THAW NOT TO SEEK DIVORCE

NEW YORK, July 24.—Mrs. Evelyn Nesbit Thaw was asked if she would seek a divorce from Thaw. Mrs. Thaw replied: "That story is perfectly absurd. It is a cruel canard. There is absolutely nothing in it."

LAST DAY FOR REGISTRATION

Today is the last day for registration so far as the primaries are concerned. General registration, however, will not close until September 4, forty days prior to the election.

COLLINS CAN APPEAL.

SAN FRANCISCO, July 24.—George D. Collins, who was sentenced to the State Prison for a term of five years, was today allowed to appeal from his conviction.

ICED DRINKS DANGEROUS

Unless they contain a teaspoonful of Duffy's Malt Whiskey in each glass.

The American people consume during the hot weather a very large quantity of iced drinks of various kinds and colors, and pay dearly for it with disordered stomachs that refuse to perform their work; bowel complaints, exhaustion, congestion, sunstroke and many other ills follow from these causes the loss of life is great. WILL MAKE NO MORE BAD FOOD

Grocers Predict Manufacture of Impure Edibles Will Cease in Two Years.

CHICAGO, July 24.—Through its executive committee, which met here yesterday, 150,000 members of the National Retail Grocers' Association thanked President Roosevelt for the stand he took in regard to the pure food law recently passed by congress. Although the law has some defects, it is a big step in the right direction. John A. Green, president of the association, said: "It is the Retail Grocers' who are most deeply concerned in the pure food movement, and it was our association when started and helped maintain the campaign. We had a committee in Washington most of the last session of congress. We now will make a campaign in the various states for the making of laws to conform with the national pure food law and to make convictions under it as easy as possible. We predict that in two years the manufacture of impure foods will be impossible."

Other business considered pertained mostly to the grocers' national convention, to be held next January in Dallas, Tex.

SOUTHERN PACIFIC HAS MEN DESPITE STRIKE

SAN FRANCISCO, July 24.—In spite of the demands of the striking switchmen for higher pay, and their refusal to work for the Southern Pacific, the company reports that all is well in the yards. The men went out some time ago demanding an increase of from 5 to 7 cents an hour. They now ask the about 25 cents an hour, and the company says 31 cents. The chief trouble lay in the fact that the company insisted that all men who worked in the yards, if they wished to profit by the advance in wages must sign a contract to remain with the company at least thirty days.

Although there were numerous conferences, the trouble between the men and the company could not be adjusted, and the men went out. Others were at once found to take their places and the work is going along smoothly. It is thought that the strike will be called off shortly, and that the men will go back to work.

RECOVER BODIES

Ten Victims of Building Have Been Taken From the Ruins.

SOUTH FRAMINGHAM, Mass., July 24.—Under the light of electric lamps the work of exhuming the bodies of the victims of the collapse of the Amesden building went on unceasingly through the night, but this morning brought no increase to the list of known dead, which number is ten. There are ten injured and four missing, making a total of 24, who, so far as could be learned early yesterday, were about the building when a support gave away and sent tons of cement, iron columns and steel beams crashing in a tangled mass into the basement.

A revised list of the dead, wounded and missing early today is as follows:

THE DEAD.
CHARLES BLYTHE, South Framingham, superintendent of construction.

C. F. HARDY, Natick, head plasterer.

PATRICK PRONDERGAST, Newton Upper Falls, plasterer.

FRANK DRISCOLL, Newton Highlands, plasterer.

JAMES WELCH, Westboro, plasterer.

LUMBRINO, AUGUSTINO, laborer.

ROMEO MARCHEL, laborer.

JOSEPH DROUT, laborer.

NEAL O'BRIEN, South Framingham.

William Scanlon, Holliston.

INJURED.

C. W. HUTCHINSON, Holliston, Mass., arms and head injured.

CHESTER NICHOLSON, back injured and bruised head and arms.

FRED HOWE, scalp wounds and injured shoulders.

JOHN HACKETT, arm broken and head cut.

JAMES MULCAHY, fractured arms and legs, badly bruised.

LOUIS PELGRINO, injured head and chest.

EDGAR BOWER, scalp wounds and right arm injured.

G. M. AMSDEN, South Framingham, owner of the building, fractured leg.

THE MISSING.

HENRY L. SAWYER, South Framingham, merchant.

FRED CUNNINGHAM.

T. SAY.

T. V. ONIAST.

The tottering walls and pillars and hanging beams and girders made the work of extricating the bodies not only difficult but dangerous.

POLICE RAID BIG GAMBLING DEN

A raid on an alleged gambling den in Ming Alley, near Second and Harrison streets, was made Sunday night by Sergeant of Police Charles Beck and a squad of police. The Chinese refugees have located a small colony in the vicinity of Ming Alley and it is claimed that many of the gambling games that were being conducted in the Chinatown of San Francisco are now going on in full force in this city.

The police learned that a dozen Chinamen were playing fan tan in a house on Ming Alley. When Sergeant Beck and his squad endeavored to enter the house a door barred their progress. Before it was forced open, however, the alleged Celestial gamblers had made their escape.

FALSE ALARM DRAWS SQUAD OF POLICE

A squad of policemen, led by Captain Lynch, surrounded the store of the Pierce Hardware Company on Broadway near Thirteenth street early yesterday morning, the alarm having been given that the place was being ransacked by burglars.

The alarm proved to be a false one, however, as a thorough search of the premises failed to reveal the presence of a thief.

NINE ARE KILLED

Engine and Cars Plunge Into Lake Hundred Feet Deep.

SPOKANE, July 24.—At least nine lives were lost, seven persons were seriously injured and a score of others sustained cuts and bruises in a wreck of the fast mail train on the Great Northern a mile and a quarter east of Camden, Wash., thirty-five miles east of Spokane, late yesterday afternoon, when the locomotive, mail, baggage and smoking cars left the rails on emerging from the tunnel, and plunging over a seventy-foot embankment were submerged in the waters of Diamond Lake.

Spreading rails, probably caused by sickness, is given as the cause.

THE DEAD.

The dead:

N. EDWARD MUNSON, engineer, Hilliard, Wash.

FRANK BELL, fireman, Hilliard.

CHARLES DANNER, mail clerk, Spokane.

GEORGE R. STICKLAND, express messenger.

GEORGE HOWARD CURTICE, Spokane, lumberman.

T. J. DOLBOW, Spokane.

UNIDENTIFIED MAN, at Buchanan's undertaking rooms; has brown mustache and an Odd Fellow pin.

INJURED.

Among the seriously injured are:

JOHN LOARD, Seattle, actor, left hand cut, face bruised and back hurt.

WALTER N. ROSS, news agent, Seattle, wrist cut.

HENRY BYOEUM, Minot, N. D., badly burned and hurt internally.

FIRE FOLLOWS.

Immediately after the smoker struck the water there was a blinding flash, which spread over the part of the car not submerged and a fire followed.

The impact was so terrific that the cars on the rear end of the train were wrenched and twisted and the fact that the couplings did not break on the dining, tourist and sleeping cars was the only thing that averted even greater loss of life.

STUCK TO POSTS.

Engineer Munson and Fireman Bell evidently stuck to their posts and it is believed, too, that the locomotive is in from 100 to 300 feet of water.

Two divers made half a dozen attempts to find the locomotive, but they were not successful.

W. S. Ninneman, a contractor for construction work on the Oregon Railroad and Navigation Company broke through a window to escape from the burning and half submerged smoker.

Mr. Ninneman said:

FEARFUL SPEED.

"We were coming at a fearful speed through the tunnel and we passengers were all wondering if the engineer had lost his senses, driving at that rate of speed with a sharp curve ahead. I think we must have been going forty-five miles an hour."

WRECK STATEMENT.

ST. PAUL, July 24.—The offices of General Superintendent Slade, of the Great Northern Railway today gave out the following statement regarding the wreck near Camden, Wash., late yesterday:

"Train No. 3, engine No. 930, left the track at the west end of the tunnel one and one-half miles east of Camden, Wash., and ninety miles east of Spokane. The engine and the mail car went into the lake and are out of sight. The baggage car also went into the lake, but is merely submerged below the surface.

"Engineer Munson, fireman Bell, baggageman Strickland, mail clerk Charles Danner, and one passenger George E. Curtis, of Spokane were drowned.

"The following were injured:

T. G. Delbow, Edward Newcomb, C. J. McHills, James Durbin, Thomas Walch, Luke Milnekeomb, all of Spokane; John Lord and wife, Seattle; Elmer E. Hill, of Colfax, Wash. Three others received slight bruises.

GAS EXPLODES.

"The gas tank under the mail car exploded and set fire to the first coach, but the fire was extinguished by the train crew and passengers. The tourist and dining cars dropped off the rails, but the sleeper remained on.

"The scene in forty-five minutes and the passengers were transferred and taken to hospitals, where a number of the injured are resting easily. None was fatally hurt. The cause for the derailment has not yet been learned."

ARREST THREATENED FOR MOVING HOUSE

Because Miss E. Bell refused to improve her dwelling house, which she has used on a lot in North Oakland, according to his ideas, her neighbor threatened to have her arrested for moving the building without a permit. Knowing that she had unwittingly violated the law, Miss Bell consented to build the house according to her neighbor's plans. They went to see Deputy District Attorney O'Brien yesterday to have him draw up an agreement. This they were informed would not be legal.

THAW IS FAVORED

Letters of Mrs. Holman Help Him, Think His Counsel.

NEW YORK, July 24.—The defense in the case of Harry Kendall Thaw placed an entirely different construction yesterday on the meaning of the letters written by Mrs. Holman, Evelyn Nesbit's mother, which were made public on Sunday. Instead of conceding that Thaw's case had received a hard blow, the opinion of the counsel for the defense yesterday was that the letters would aid Thaw materially.

NOT WORRIED.

"I am not in the least bit worried by the publication of the letters," Clifford W. Hartridge, chief counsel for Thaw, said. "I leave you to draw your conclusions from the letters. They don't worry me. Neither do they worry Mr. Thaw nor Mrs. Thaw in the slightest. I may have a statement for either or both of them in a day or two regarding the letters. Of that I am not yet sure."

WORST FOR WHITE.

It is understood that the defense interprets the letters altogether differently from the prosecution. Whereas the prosecution holds that Thaw was placed in an unfavorable light as possible, the defense holds that White is more injured than anyone else. The fact that Mrs. Holman accepted money from him and also asked him for money in the letters is one ground given.

PLEADED WITH WHITE.

Mrs. Holman, the defense holds, was cognizant of her daughter's behavior at all times, and when Thaw succeeded in gaining Evelyn's affections she pleaded with White to try to win her away from Thaw.

The letters, the defense believes, verify this idea.

DIVORCE SUIT ABSURD.

In reply to a note which was sent to Mrs. Harry Thaw last night informing her of a report originating in Pittsburgh that she was about to bring suit for divorce, she wrote:

"It is perfectly absurd."

NATURAL GAS IS FOUND AT CONCORD

CONCORD, July 24.—A good deal of excitement has been caused here by a heavy strike of natural gas in a well belonging to Mrs. Holman, on the Concord-Martinez road. A well was being dug on the place by Charles Pacheco, and at a depth of forty feet he suddenly struck a big flow of natural gas. A light was applied to the flow, and now the place is brightly illuminated.

FRED BECKER'S COMPLAINT.

Editor TRIBUNE—I desire to call your attention to the condition of Washington street, between Seventh and Fourteenth streets. In every block the pavement has been dug up, leaving a deep hole which is a great detriment to traffic. I called the attention of a city official to the condition of affairs and he promptly informed me that I was a kisser. Is it possible that there are no officials to look after our streets? It appears to me that our main streets are looking after themselves. FRED BECKER.

FILES WILL.

The will of the late Louis L. Francis was filed for probate yesterday by the widow and executrix, Mary A. Francis. The estate, which consists of real and personal property, is valued at \$5,200. LIQUOR; NO LICENSE

'Frisco Saloon Men Tangle With Police Commission.

SAN FRANCISCO, July 24.—Much liquor is being sold in this city without a license as a result of the peculiar tangle in which the board of police commissioners finds itself. Since the dissolution of the old board by the peremptory order of Mayor Schmitz and the death and resignation of two members of the new board, there has been no business transacted and the hundreds of men who had applications on file, with their saloons thoroughly fitted up awaiting the action of the board, are forced either to close their doors with a full amount of stock on hand or sell their liquid wares by stealth. Possibly fifty or one hundred saloonmen have decided that the only way they can get their money back is to sell liquor by stealth, trusting that the applications on file will be a sufficient defense.

MANY APPLICATIONS.

Sergeant Donovan, who is in charge of the license department, stated this morning that the applications had been piling up since June 25 and that but comparatively few had been acted on. Among the applicants are many who were in business prior to the strike. A number of saloons are being worked on a cash basis. It is being reported that the stock and fixtures of some saloons are being sold at a loss. It is also being reported that the men in the saloons are being forced to sell their liquor by stealth. The new commission has not yet acted on the applications. The men in the saloons are being forced to sell their liquor by stealth. The new commission has not yet acted on the applications. OAKLANDERS ARE HAVING GOOD TIME IN NEW YORK

MAYOR MOTT.

FRANK GRAHAM.

GUY SMITH.

New York, July 19, 1906.

Editor TRIBUNE:—Just a line to inform you we are still on earth, but not the best part of it, for although the Oakland earth seems to be looser it is far more preferable. Since we left Oakland we have had one continuous round of pleasure and are still at it. We came over the Southern route and had an excellent trip, it being cool and dustless all the way to New Orleans. One day was enough for us in that man's town. The only thing we saw there for. They have absolutely no amusement there for the people in the summer, being one of the few cities without a summer park. Looks to me like it would pay too.

We next spent two very interesting days in the nation's capital. The usual

sightseeing you well know about so will tell you something of the new million dollar park "Luna" opened this season by the traction company and one of the Ingenious, who you will remember, was one of the original promoters of our own idea. It is a magnificent place and is doing an immense business. We then spent a day each in Baltimore and Philadelphia, and then on to this big city. Not much news here except the daily followings of the Shaw case. Plenty of Oaklanders in town, notable among whom are our Mayor Frank Mott and little Charlie Heeseman, who with Frank Graham, my brother Milton, Actor Jim Neil, and myself had quite an excellent social gathering and chat at the Lamb's club and Greenroom club last night and away into this morning. The Mayor and Charlie report good health and a great time although both

claim to be mighty busy. Things theatrical are very slow here this summer. The roof shows are not up to the usual standard, and people are complaining. The Casino and the Lyceum, regular theaters, are open to poor business. Coney Island, with its thousands of attractions is still the same old lively place and attracting immense throngs. This is the coolest summer New York has had in years. We leave here for Chicago and home tonight, and expect to arrive about Friday, the 27th. I have secured some attractions for the Novelty that are going to stirle you all this coming winter. With best regards from Frank Graham, Milton Smith and myself, believe me, very truly yours, GUY C. SMITH. [Guy C. Smith is manager of the Novelty Theater and Frank Graham is manager of Ye Liberty Theater.]

HOMES FOR HOMELESS

Chairman Phelan Inspects Sites for Buildings for Refugees.

SAN FRANCISCO, July 24.—James D. Phelan, chairman of the Red Cross and relief fund finance committee is inspecting lots for building purposes today. The idea of those in charge of the relief work is building homes at once for those burned out and Mr. Phelan has selected a few sites and will begin work immediately. The scheme is to sell the houses, which will cost about \$1000 each, on easy payments and at moderate interest to those who are now living in tents in the public parks.

sence of the secretary of the council. It is known, however, that the Carpenters' Union has elected thirty-five delegates and the barbers fifteen delegates. The Clerks' Union will elect tonight.

PRESIDENT'S VIEWS.

Joseph Raboll, president of the Labor Council, in speaking of the matter, said today: "This convention has been called for the purpose of having members of the labor unions themselves decide as to whether or not they want to go into politics and put a county ticket in the field this year. They think that this ought to be determined by the workers themselves, and not by a crowd of men who, in no way represent the labor interests of this city. This faction may represent the last union labor convention, but you know, it is a well known fact that the labor representatives left their seats in that convention before it came to a close, because of the manner in which it was conducted."

AERONAUT MARRIED.

James William Sisk, an aeronaut who has been around the world on four different occasions, and who has just returned from a trip throughout the Orient, procured a marriage license at noon today to wed Miss Myrtle Matthews of this city. Sisk gives his residence as San Jose and his age as 40 years. The bride is 30 years of age. Sisk states that he met his bride just prior to his departure for the Orient. He had her promise to marry at that time and she made her word good today when the couple stood in front of Justice of the Peace Geary and took their marriage vows. Sisk, when asked if he was going to be married in a balloon, said, "Not much. Terra firma is good enough for me on an occasion of this kind."

NEARLY LOSES LIFE TRYING TO RESCUE DOG

LIVERMORE, July 24.—Berl Crow, son of Granville Crow, who was severely injured while trying to rescue his dog from underneath a train at Sunset last evening, was brought here immediately after the accident and treated by Dr. W. S. Taylor, after which he was taken to the county infirmary in a wagon, where Superintendent Clark operated upon him this morning. It is said he has a fair chance for recovery. Crow, who is about 35 years of age, drove up to the station slightly under the influence of liquor. His dog ran under one of the cars while the train was standing still, and Crow reached under to get the animal out. The train started, knocking Crow down and running over his arm. This member was badly mangled and his body was otherwise bruised and lacerated. This morning Superintendent Clark amputated the arm at the shoulder and redressed the other wounds. He will be kept at the hospital for a time at least.

off's committee of public safety during the terrorism preceding the assassination of Alexander II.

MIGHTY TASK.

It is already certain that some consternation exists in the upper spheres over the magnitude of the task they have assumed. Events are marching with startling rapidity. Having taken a decision to sit on the safety valve, the government knows of no method except force, and all the old bureaucratic machinery of suppression has been placed in operation to prevent an explosion.

SEARCH HOMES.

The domiciliary searches continue in all quarters of the capital, the prisons are already filling and the old, blind system of attempting to conceal from the public what is happening has been added. The censorship of the press has been re-established with more vigor than has been known since the administration of Minister Plevne with a wholesale confiscation of newspapers.

TROOPS WON'T FIRE.

This is partially confirmatory of the revolutionists' boasts that troops will not fire against the revolutionaries. The members who met at Viborg yesterday expect fully to be held in jail. It was decided to return here this afternoon, the members preferring to be arrested in a body than to be hunted down singly. A representative of the Associated Press, who went to the Finnish railroad at noon, when it was reported the members were due to arrive, saw half a regiment of cavalry quartered in a courtyard opposite the station, which was swarming with gendarmes. PLANS ARE SECRET. The membership of the permanent executive committee, which is headed by Prince Felix Ogorukoff has its plans but are kept secret. "We carefully avoided summoning an active revolution," said one of the leaders to the Associated Press. "We stand committed before the country and the world to the limits of passive resistance. Further than this we did not do." The members of the Group of Tol

Aged Woman Is Ejected From Her Home and Left to Perish.

SAN FRANCISCO, July 24.—Elizabeth Wiese, a woman 73 years of age, was found last night at midnight at the corner of Page and Steiner streets in a weak and dying condition. She stated that she had been ejected a few hours before from a building owned by Mr. Lawson, where she had been staying since the quake. She said that she had fallen to the ground while she was attempting to find friends who lived somewhere in the city. She could not give the names of the friends or the exact location of the residence of Mr. Lawson who turned her out in the dead of the night. The aged woman was taken to the Central Hospital where she was given nourishment and put to bed. An effort will be made to locate the woman's friends.

and their allies, the proletariat organizations of St. Petersburg were in active consultation last night and this morning. While they fully endorsed the parliamentary address to the country so far as it goes, they consider it a half way measure and hope that it will be followed up by an appeal to the army preparatory to an uprising, which they consider inevitable in the cities and country. Such an appeal will probably be issued immediately.

ARRIVE IN CAPITAL.

ST. PETERSBURG, July 24.—Over one hundred members of parliament who yesterday issued an address to the country reached the Finnish railroad station here from Viborg at 3 o'clock today. A crowd of several thousand persons gathered there before the arrival of the train but a heavy force of gendarmes promptly hurried the people into the streets, when they were driven away by mounted gendarmes. Several arrests of suspects were made in the crowd but orders of the police evidently were limited to preventing a demonstration, the cavalry in a neighboring barracks not appearing. The last car of the train was occupied by the members of the Group of Tol and had red flags flying from the windows as it rolled into the station.

Company Will Frame an Answer by Next Thursday.

SAN FRANCISCO, July 24.—Thornwall Mullaley of the United Railroads has presented the petition for the Carpenters' Union asking the railroad company to either settle or arbitrate its differences with the Electrical Workers' Union to the board of directors of the company. The directors will meet on Thursday afternoon after which a reply will be framed and sent to the Carpenters' Union.

GRAND JURY FINAL REPORT

(Continued From Page 1.)

any existing shortage only with the connivance of his deputies.

HART AND HUSBAND.

Our investigations have disclosed the fact that his chief deputy, Charles Husband, had knowledge of these shortages for years. As an employee and servant of the county he should have made known the conditions existing in the office and we criticize him for not having done so. The second deputy, Charles Hart, should have had through his association with the office equal knowledge of the shortage, and we criticize him for aiding in suppressing the facts or for unpardonable ignorance of the conduct of the office.

The present law not providing a proper check on these accounts, we recommend the enactment of a law by the state legislature requiring all moneys or deposits to be made with the county treasurer to pass through the auditor's books and we further recommend that such moneys or deposits be counted monthly as county funds are counted.

In the matter of counting the money in the treasury as provided for in the County Government Act, we recommend that when such counting is to be done, no previous notice be given to the treasurer, as on a previous date such notice resulted in there being transferred from the special fund to the general fund an item of \$1100, to cover a shortage then existing in the general fund.

We find that the U. S. Fidelity and Guaranty Co., the surety on the official bond of said A. W. Felder, has paid into the treasury through its representative, J. B. Lanktree, the full amount of the shortage existing in these funds.

SEARCHERS OF RECORDS.

In investigating a matter brought to our attention involving the acts of a searcher of records in incorrectly reporting the title to a certain piece of property, it developed that innocent people have no adequate protection against dishonest or unreliable searchers of records and we strongly recom-

mend the enactment of a statute which would give to them this protection.

ALLOWANCE OF CLAIMS.

We find that the Board of Supervisors has this year paid in full all back claims against the county that have been standing in some instances for four years. We suggest that in the allowance of these claims the Board of Supervisors should be careful of the credit of the county and not permit a just claim to stand more than thirty days without action. Merchants should not be expected to wait longer than this for their reimbursement, the county would benefit by better prices and the probability of a shortage in any fund would be very materially lessened.

COUNTY OFFICES GENERALLY.

We have investigated the various county offices and find them to be conducted in a satisfactory manner.

COUNTY JAIL.

An examination of the present county jail has clearly demonstrated its inadequacy, and we have no hesitation in declaring that the Board of Supervisors is fully justified in building a new one along modern lines.

RECEIVING HOSPITAL.

"The present quarters of the Receiving Hospital are entirely inadequate to the needs of the city."

COUNTY INFIRMARY.

"We investigated very thoroughly the condition of the County Infirmary and find it to be admirably conducted under the management of Dr. Clark. The discipline of inmates is good and the food served substantial and of good quality. We recommend as urgent the establishment of a pest house isolated from the other buildings, and a new reading room for the convenience of the inmates."

"Under the system of county government as recognized by law, the figures showing expenditures from the infirmary funds upon their face are confusing, the infirmary fund is made up of all expenditures charged not only for the maintenance and support of the county infirmary proper, but for the support given to miscellaneous indigents not inmates of the infirmary and for all expenditures of the receiving hospital."

"This confusion would be avoided by a segregation of the infirmary fund into three parts, viz: County Infirmary, Indigent and Receiving Hospital, following the line of the published reports of the Board of Supervisors made yearly of the receipts and disbursements of the various funds of the county."

SLOT MACHINES.

"The grand jury investigated the law regarding the operation of slot machines, finding that they were permitted to be generally used in defiance of the state law. We accordingly advised the chief of police of such violations of the law and he has caused all machines to be withdrawn from use."

"With the presentation of this report,

we respectfully ask for our discharge as grand jurors.

Respectfully submitted,

T. A. CRELLIN, Chairman.

H. S. ANDERSON, Secretary.

BRYAN TALKS

Advocates Arbitration Plan
at International
Congress.

LONDON, July 24.—William J. Bryan's proposed amendment rider to the model arbitration treaty was discussed at the council of the interparliamentary union and resulted in its being rejected as follows:

"It is a disagreement should arise which is not included in those to be submitted by arbitration, the contracting parties shall not resort to any act of hostilities before they separately or jointly invite, as the case may necessitate, the formation of an international commission of inquiry or mediation of one of the friendly powers, this regulation to take place if necessary in accordance with Article VIII of The Hague treaty providing for a peaceful settlement of international conflicts."

On the resumption of the conference today the above was unanimously adopted after speeches by former Austrian Minister of Commerce Von Planer and Mr. Bryan, warmly supporting the amendment. The latter said that his amendment was aimed at widening the scope of arbitration so as to include questions of national honor, the conference being a hundred to one that the proposed investigation of facts would also settle any question of national honor. If the hand of war could be stayed till the conscience awakened, wars would become more remote.

The amendment, therefore, was a long step in the direction of peace.

Mr. Bryan's speech was brief but eloquent and aroused much enthusiasm among the members.

Baron D'Estournelles Constant, head of the French delegation, subsequently opened the debate on the limitation of military and naval forces. He declared that if the powers were uncertain among themselves how to act for their common interests they would be forced to do so, first, by bankruptcy and then by revolution. He said that limitation of armaments had no connection with the chicane of disarmament. Arguments against disarmament were based on the unwonted expenditures of the owners.

Germany, continued the baron, commits the grave fault of struggling with the United States for naval pre-eminence and thus divides her energies both on land and sea uselessly, for the American states were united, while the states of Europe were divided and will always be menaced by the possibility of a coalition against them.

Congressman D. L. D. Granger of Rhode Island and Congressman Barthold of Missouri and T. E. Burton of Ohio, were elected members of the International Council.

BRIGHT'S DISEASE AND DIABETES
CAN NOW BE CURED.

(From Kansas City Journal.)

Diseases heretofore believed incurable are yielding one by one to modern science. Bright's Disease and Diabetes are probably the most important recent accomplishments. These diseases were considered fatal. From recent developments in San Francisco and from confirming facts in this city it is evident that not alone relief but a permanent cure of both these dreaded complaints can now be effected.

The new formula was first put to the test in this city by a prominent hotel man who had exhausted local medical skill in a long and fruitless search for relief. He got such results that he spread the news among his friends about town, and it would astonish the public to know the number of cures and prominence of the patients now recovering in Kansas City.

To ascertain if permanent relief has been the result of the new treatment, as most of the local cases that have been treated are of comparatively recent date, the following were sent to California, where the new formula has been in use for the past year or two:

R. A. CROFTS, Proprietor Bulletin, San Francisco, Cal.

Several prominent citizens of Kansas City report wonderful recoveries from Bright's Disease and Diabetes by use of Fulton's Compound. Kindly advise us if successful and permanent results have been accomplished in your city.

THE FOLLOWING WERE RECEIVED FROM THE EVENING BULLETIN:
San Francisco, Jan. 16, 1906.
Permanent results here. Know a doctor who acknowledges absolute recovery from Diabetes. Many authentic cures of Bright's Disease.

One of the most wonderful recoveries in this city is that of Mr. J. M. Crofts, of 240 West Third street. His case of Diabetes was of long standing and so serious that he was advised to go to Florida. During his absence in the South the hotel man spoken of above, hearing of the case, informed the doctor's wife that he was recovering from the same disease and that her husband could recover, and on his return he immediately took up the new preparation. The doctor now states that he soon began to get relief. Normal sleep was restored, strength returned and he now weighs more than for the last twenty years, when the Diabetes first manifested its appearance. The doctor has very naturally seen the means of other cases using the new specifics and reports that practically the same results were obtained.

The hotel man also seems conclusive. He states that he had Diabetes for years and believed it incurable till a Western traveling man called his attention to the recoveries that were being made in San Francisco. The results were, if anything, more definite than in the case of Dr. Crofts, for upon his recovery he passed for life insurance. He likewise has been the means of others here taking it with like results.

Other late cases reported include two recoveries from Bright's Disease, both the patients being prominent in local mercantile circles—Kansas City Journal. If anyone having knowledge of a case of Bright's Disease, Diabetes or Steel-born Kidney Disease, will send us the name and address we will see that they are sent full details. Address J. P. Fulton Co., 8210 San Pablo avenue, Oakland, Cal. Fulton's Renal Compound is the one to get for Bright's and serious Kidney diseases. Diabetes will ask for the Diabetes Compound. At all druggists.

TROOPS NEEDED

Military Are Called Upon to
Punish Filipino
Outlaws.

MANILA, July 24.—Governor Ide has requested military aid to punish the Puljanines in the province of Leyte. A battalion of the Eighth Artillery and a battalion of the Twenty-fourth Artillery from Camp Bonus have been sent to the assistance of the constabulary. General Allen expects personally to conduct a campaign in Cebu, but the Ladrone chiefs and forty-eight men have surrendered, and Governor Osmeña reports that there are no more outlaw bands there and that the island is completely pacified.

The Ladrone chiefs say that Montela, Saky, Vilefuente, Devesa, Carreon and Navidad have pleaded not guilty to charges of bandoleerism at Cavite.

OAKLAND MAN IS FATALLY HURT IN FALL

SAN FRANCISCO, July 24.—Giuseppe Caselli, a carpenter, living at 1119 Seventh street, Oakland, fell a distance of forty feet from a new building at Stockton and Vallejo streets yesterday morning, and will probably die as the result of his injuries. At the Harbor Hospital, Dr. Glover found that Caselli had sustained a fracture of the base of the skull, in addition to other injuries.

FILIPINOS TO GO TO HAWAII

Natives of Islands Will Be Used
As Sugar Plantation
Laborers.

MANILA, July 24.—The Philippine commission has adopted a resolution advocating the scheme of the Hawaiian planters' association to take Filipino laborers and their families to Hawaii to work in the sugar plantations. Albert F. Judd, representing the planters, arrived in the Philippines two months ago, and after making an investigation of labor conditions proposed to the commission a statement of the needs of Hawaii.

The commission has authorized an agreement with the planters' association permitting vessels to pick up laborers at various ports on condition that they be given good treatment, be permitted to return to the Philippines at the expiration of the terms of their contracts and that transportation be provided.

Laborers desirous of going to Hawaii are advised to accept the offer of the association.

Mr. Judd wants to secure 200 laborers with their families.

THIS EXPERIMENT
WAS A FAILURE

NEW YORK, July 24.—It became known in this city today that the city of Glasgow, Scotland, has sold the municipal telephone plant which was established six years ago to compete with a private company. It was found that the municipal plant was not a paying venture, and the Town Council decided to sell the business to the post-office. Loss of \$200,000. When the sale was closed upon, more than \$1,000,000 had been spent on equipment and a further expenditure of \$500,000 had been found necessary.

The Glasgow Herald, commenting upon the failure of the venture, asserted that the undertaking was a mistake in the beginning, and the citizens should congratulate themselves that the loss is not more.

WILL REBUILD PRINTING PLANT

Adventists to Restore the Property Destroyed by Recent
Fire.

Preparations are under way for the rebuilding of the Pacific Press plant at Mountain View, in Santa Clara county, which was destroyed by fire Friday night. The Seventh Day Adventists, who operated the plant, have decided to reconstruct it. A subscription of \$200,000 was called for at a meeting held in this city yesterday.

Before the end of the season several large amounts had been subscribed and the Adventists are confident that before the end of the campaign the full amount will have been pledged. In addition to the money promised yesterday, the large number of carpenters and other mechanics who are members of the Adventists church promised to donate their time and labor to the rebuilding of the plant.

The Pacific Press Publishing Company, although crippled by the fire loss, is still in good financial condition, the property destroyed being covered by \$100,000 insurance. The company still owns the plant on which the plant was formerly used in this city, at Twelfth and Broadway streets, which is valued at \$50,000. Other properties bring the assets of the company up to about \$250,000.

MUTE DROWNS IN
SWIMMING POOL

MARTINEZ, July 24.—Henry Irest, aged 24 years, a deaf mute, was drowned yesterday afternoon near his home at Knightsen, a small place near Byron, while in bathing in a slough there. A curious feature of the case is that two other members of the Irest family have been drowned in the same spot in which Henry Irest met death yesterday.

The entire family are mutes, and as they are old settlers the case has excited comment throughout the country.

Sewage in Sacramento's Water Supply.

Red Bluff, Tehama, Colusa, Marysville, Redding, Dunsmuir and some smaller towns run their sewage into the Sacramento river, which furnishes the City of Sacramento with its water supply. This defilement of the chief water course of the State has aroused the indignation of the inhabitants of the Capital City, and they are making vigorous demands that the practice be abated. That their demand is a just and reasonable one cannot be denied, nor can the deposit of sewage in the river be defended on grounds which command respect. It is no excuse for the towns on the river above Sacramento to urge that dumping it in the river is the cheapest and most convenient way of getting rid of the sewage. If the situation were reversed they would sing a different song. It is the old story of whose ox is gored.

It happens, however, that the people of Sacramento are not alone concerned in this matter. The defilement of the river concerns the general public in no inconsiderable degree. As a question of public policy it should not be permitted. If, for instance, typhoid should break out in any of the upper river towns, the disease might be transmitted by the sewage in the water supply to the inhabitants of Sacramento and become epidemic, in which case it would be likely to spread to other towns and cities in the State, as the capital is a great railroad center. Therefore, the defilement of the river is a public menace to all localities in close touch with Sacramento.

Moreover, Sacramento is a great industrial and commercial center as well as the capital of the State, and neither towns nor individuals should be permitted to wantonly endanger the health of its inhabitants, for the menace to health is, to a certain degree, a menace to the prosperity of the city.

The State Board of Health should take this matter in hand and see if the law does not permit the application of a remedy. An opinion from the Attorney General on this point would be valuable. If the law affords no redress, the Legislature should enact one that will, at the next session. The inhabitants of one town have no right to poison the water supply of another town.

The Czar has dissolved the Douma, but he has not arrested the dissolution of his empire. The notion that constitutional and representative government has no firmer basis than the will of a despot shows how unable the Russian emperor is to grasp the principle of popular government. His idea is that all power is vested in himself, not in the people, and that it is his privilege to revoke at any time any rights he may grant his subjects. By and by he will be convinced that there is something in the national will stronger than tradition and the habit of centuries.

The Georgians who have started to boom District Attorney Jerome for Vice President on the Democratic ticket appear to have overlooked the important fact that Mr. Jerome is persona non grata with the New York World and William R. Hearst. How does any Democrat expect to carry New York with these potent influences against him?

The municipal authorities may as well understand now as any other time that a crusade against nickel-in-the-slot machines is not going to reconcile the public to dirty, unrepaid, unsprinkled streets. Puerile reforms cannot obscure neglect of the graver duties of the municipal government.

Senator Platt, who has bossed New York politics for thirty years, advises young men to let politics alone. Evidently he thinks the old men should have a monopoly in directing the affairs of state.

An Honorable Example to the Last.

It will cause every true Californian a pang of regret to see the old Fireman's Fund Insurance Company strike its flag and go out of business. But though it succumbs to insupportable disaster, it goes down to honorable defeat and will still be quoted as a fine example of commercial integrity. Even in its dissolution the old company will bravely sustain the unsullied reputation it has borne for forty years. Because of its great popularity the Fireman's Fund carried enormous risks in San Francisco, where its stockholders resided and where its reserve funds were largely invested. The conflagration which created its tremendous liabilities swept away a large portion of the company's assets and impoverished the stockholders. Yet the company will pay sixty per cent. of its losses without haggling over adjustments or hiding behind technicalities. It surrenders the high place it has so long held in the insurance world rather than surrender one jot or tittle of its well-earned claim to confidence and respect. When it was hard hit by the Chicago fire, in 1871, the stockholders of the Fireman's Fund went down in their pockets and made good the losses, but when San Francisco burned down, the Traders Company of Chicago threw up its hands and repudiated its obligations without making any effort to ascertain their extent. General sympathy is expressed for President Dutton and the other officers and stockholders of the Fireman's Fund because individual misfortunes have placed it beyond their power to redeem the company's obligations in full. Still, the course of the Fireman's Fund in the present crisis is in shining contrast to that of the majority of underwriting corporations and is proof that to the last it remained true to its traditions.

The Douma declines to dissolve at the command of the Czar. On the contrary, the moderates and radicals have joined hands in issuing an appeal to the Russian people to stand by their representatives in the elective assembly called together by the Czar in obedience to the popular demand. If the Douma insists on remaining in session, it will probably be dispersed by force, which will raise a direct issue between the autocracy and the people. As it is, the announcement of the dissolution of the Douma has provoked disturbances in many parts of the empire. It is significant that the news caused such a slump in Russian securities in Paris as to nearly create a panic. Evidently the French financiers apprehend that Russia is on the brink of a violent revolution which may involve the nation in disorder and bloodshed for years to come. As the Russians do most of their borrowing in France, the decline of the imperial credit on the Paris bourse is an ominous sign of the times.

Oakland's Relief Work Record.

A few days ago, in an article complimenting the Oakland relief committee on the splendid record it had made, THE TRIBUNE inadvertently mentioned James P. Edoff as chairman of the finance committee. This did an unintentional injustice to James P. Taylor, who has ably filled the position of chairman of the finance committee. Mr. Edoff is chairman of the auditing committee, a sub-committee of the finance committee, and it is owing to the admirable system of accounting devised that the relief work in Oakland has given rise to no scandal, but, on the contrary, has a record of all receipts and expenditures so complete and minute as to invite the just pride of the community. It shows that the financial management of the committee was as admirable as the relief work was thorough. Mr. Taylor and the other members of the finance committee are justly entitled to a share of the credit for the excellent showing.

Rev. E. E. Baker, chairman of the relief committee, was very ardent and active in the relief work, but he was unavoidably compelled to be absent unfortunately a good deal of the time, and the task of superintending relief administration fell largely on the shoulders of Mr. Edoff, who fortunately had the time at his disposal and who was endowed with the requisite energy and executive ability to handle the details properly. The record proves how well the work was done.

While there was some little friction in the early part of the relief campaign in this city, the record made by the committee challenges comparison. The committee was promptly organized, it did its work thoroughly, lost nothing by theft or negligence, kept its accounts straight and wound up its affairs with due diligence when its mission was ended. In this instance Oakland showed that she can do some things as well, if not better, than other cities. The committee has certainly earned the thanks of the community.

Mr. Eliwood has done the State much excellent service, but the credit for importing the Australian ladybug is not due him, as the Sacramento Union asserts. The credit belongs to the late Frank McCoppin, who served San Francisco ably in the State Senate and as Mayor, and who made an excellent Harbor Commissioner. Mr. McCoppin went to Australia as American Commissioner to the Melbourne Exposition and returned with the ladybug. Mr. Cooper instantly appreciated the value of the insect, and did more than anyone else to make its good points known. Nevertheless, California is entitled, as the Union says, to the credit of introducing the exterminator of the black scale, which threatened ruin to our orchards.

EDUCATING ECONOMIC RIVALS.

The policy of the Southern Pacific railway, in giving ten officers of the Japanese army practical instruction in railroad engineering, is open to question. It is much like the system of admitting orientals to West Point. Courtesy and goodfellowship are well enough, up to a certain point; but the education of a commercial rival is serious and while the instances cited are trivial, of course, the principle is dangerous. Nations compete like individuals. When a man has special knowledge, he distributes it, very properly, only for suitable compensation. A nation no more can afford to be extravagant than an individual. So long as the competitive system exists, between nations, any attempt to gloss over the fact that the devil takes the hindmost is not only silly but perilous. A nation excels in commerce only so long as its brawn and brain, individually in certain trades and arts, surpass those of other nations. To give, as a nation, the product of national thrift or mental brilliancy, to other nations, is to invite competition on a basis more equal than it might have been. The Japanese have wasted none of this sentiment on the oriental powers. They have refused to enter into international patent and copyright agreements and they have stolen everything valuable and to which they have had access, without reprobation.—Butte Inter-Mountain.

SOME PASSING JESTS.

Passenger—Does the train stop here long enough for me to get a drink?
Conductor—Well—alone?—Megendorfer Blatter.

"What was the most interesting ruin that you saw abroad?"
"Well," answered Mr. Comrox, "the ruin that most interested me was a year's income, totally demolished."—Washington Star.

"The people are getting very obstreperous," remarked Senator Siye.

"That's so," assented Senator Graball "I guess we'll have to pass something next session in the way of a denatured tariff revision bill."—Louisville Courier-Journal.

"I understand you've been condemned," gurgled the river as it hurried by.

"Yes," replied the old bridge, "and I suppose I've been judged by my piers."—Philadelphia Press.

"And you let your drunken husband lie asleep all night on the stairs?"

"Yes, but I set the alarm clock alongside of him so that he could wake up promptly in time for business."—Fliegende Blatter.

The Limit.

"No, I have never seen our foreman so angry in my life. He was so furious that he absolutely worked!"—Megendorfer Blatter.

Country Shopping.

Dr. Henry Van Dyke, the author of "Fisherman's Luck" and many other charming books, is fond of the wilds.

"Give me for vacation," he said one day at Princeton, "a trout country where the nearest town is ten miles away, and where this town, when you visit it, is so primitive that the storekeeper will say to you:

"'No, sir; them two articles I don't keep; but the clams, I reckon, ye kin find at the postoffice, an' the onions ye kin git at the barber's across the way.'"

There Are Others.

She—I think any man should be able to support a wife.
He—Well, I don't know about that. Some wives are really insupportable, you know.—The Bohemian.

Thin Hair

Yes! We had noticed that your hair was looking pretty thin, and that it lacked luster and life. But we didn't like to speak of it! Of course you know that Ayer's Hair Vigor is a regular hair-grower, makes the hair soft and smooth, gives it life and strength. This isn't the kind of hair that falls out! And, too, it keeps the scalp so clean and healthy.

A Bewildering Display of Nearly Ten Thousand Undergarments ---and All Under Priced

This is important to you—important, because of the great variety which enables you to be suited—because they are the best values for the money—because each garment is first class in every detail—because of the lowness of the prices.

All day yesterday and today the attendance during this sale has been large and women have bought underwear in quantities.

This is but another proof of Hale's offering values of rare merit, and, judging from the many who have responded, the public in general certainly do believe our announcement of Sales. We fulfill our promises by giving the public just what we advertise to do.

The garments are plainly marked and placed on tables on the second floor.

There are plenty of salespeople to serve you. It is certainly to your own interest to attend this sale.

STILL AFTER STANDARD OIL

Government Will Resume Case
Against Combine in
Chicago.

CHICAGO, July 24.—Oliver E. Pagin, special counsel for the government in the Standard Oil prosecution, arrived yesterday with the transcript of evidence taken before the Federal grand jury.

Assistant District Attorney Francis H. Hanchett, who left Chicago a week ago on his vacation and who was recalled to take up this case, put in the afternoon examining the evidence and the law as it bears on the case. He has two propositions to handle. In one the Standard Oil Company is charged with receiving special rates for transporting its oil from Whiting, Ind., to East St. Louis. The second is that the Standard Oil Company is not compelled by railroad companies to pay storage charges for its cars, although its competitors must pay a heavy charge or set no service.

Mr. Hanchett will confer with Special Attorney J. P. Marchand of the Interstate Commerce Commission, now in Chicago, who became familiar with the oil investigation when it was taken up by the commission some time ago.

DID NOT INTEND TO MAKE ERRORS

NEW YORK, July 24.—Replying to repeated charges made by the International Policyholders' committee that the Mutual Life Insurance Company had used every means in its power to defeat plans of the company by sending to Albany inaccurate lists of its policyholders, Charles A. Peabody, president of the company, said yesterday:

"There is no truth whatever in the story that the Mutual Life lists contain any intended errors. The lists as filed in Albany contain the names and addresses, so far as they exist in the records of the company. Changes of residence have occurred since the issuance of the policies and are not noted in the reports of the company by the policyholders and of course the management has no means of tracing or correcting. It is also untrue that the company is engaged in the preparation of another list."

ISSUE WARRANT FOR COMMISSIONER LLOYD

SAN FRANCISCO, July 24.—Thomas Lloyd, a deputy fish commissioner, who got into an altercation with a group of fishermen Sunday evening at Bay and Powell streets and received a terrible beating, is not a regular employee of the fish commission, being merely a special without pay.

A warrant on a charge of assault to murder was issued yesterday morning for John Doe Lloyd by Police Judge Mogan, upon the request of N. Stenovich, who claims Lloyd fired seven shots at him Sunday night. Before the warrant was issued Lloyd went to the O'Farrell street station and surrendered himself, but as the sergeant on the desk was not familiar with the circumstances, he was not taken into custody.

TWO SISTERS ARE DROWNED

Boat on Lake George Capsizes—
Two Men Are Saved—
Companions Die.

HULETT'S LANDING, Lake George, N. Y., July 24.—Sophia and Corinne Piddian of Brooklyn were drowned yesterday afternoon while boating on the lake. The two women, accompanied by their brother, J. Piddian, and Stanley Lynch of Oliphant, started from this place in a light boat at 10 o'clock. They had a rowing party on the lake near Agass Island, when the boat was captured by a heavy squall, and it was thrown into the water. The men clung to the boat and made a brave effort to rescue their companions. They were unable, however, to reach them and both women sank. Two campers from the Australian camp put out in a skiff the moment the accident happened and succeeded in rescuing Mr. Piddian and Lynch.

JOE GANS VICTORIOUS IN HIS FIGHT WITH HOLLY

Fails to Put Out Opponent, but Gets Money.

SEATTLE, Wash., July 24.—Joe Gans was given a decision last night over Dave Holly at the end of their twenty-round fight. Though unable

JOE GANS, who defeated Dave Holly at Seattle last night.

to knock out Holly, Gans had done practically all the leading, and in the twenty-fourth round, Holly was groggy, his face was covered with blood and he was bleeding from the nose. Gans was then able to save himself by landing a few punches on Holly's face. Holly was then able to save himself by landing a few punches on Holly's face. Holly was then able to save himself by landing a few punches on Holly's face.

ed out of his corner to a clinch and in the twenty rounds the men had to be separated by the referee 145 times. They were fighting straight rules and they fought their own way in and out repeatedly.

In the seventh round Holly caught Gans with a vicious right swing after Gans had turned when the gong sounded to go to his corner. Gans did the same thing to Holly in the fourteenth. The men were to fight at 135 pounds, and each weighed in at 6 o'clock away under the weight. Afterward Gans went on the scales and showed he was down to 133½. Gans showed this weight to prove he could get down to 133 for Battling Nelson, and he will go to San Francisco this week to see Eddie Graney and try to arrange for that fight.

MIX-UP WITH SHERIFF.
James W. Morrison of Seattle referred the fight. There was a mix-up at the outset. The sheriff had declared he would only permit ten rounds, and Holly made a protest from the ring. Then it developed that the sheriff had compromised on an ultimatum that he would stop the fight if it got brutal. The pavilion was not big enough for the crowd, and 200 or more could not get in. A disappointed mob tore the boards off one side of the house, knocking down a section of the gallery seats. Though several persons were bruised, no one was seriously injured. Then the crowd on the outside took down the rest of the framework behind the ruined gallery seats. Dick Larne of Seattle beat Jimmy Ray of San Francisco in the third round of a ten round preliminary.

SLATS DAVIS HAS FACE PUNCHED

Our old friend "Slats" Davis, former champion in the Coast League, has gotten into trouble back in the Western League, where he's holding down a job of calling balls and strikes just now. Slats Holmes, manager of the Lincoln team in that league, didn't like the way Davis plastered fines, so he

used his face as a chopping block the other day. The trouble started over Pitcher Bernie McKay, another Coast League wonder, who once pitched nine straight victories for Dugdale in Seattle, and then in the other way, McKay got humiliated over a ball decision, and got "busted" by Holmes on the bench objected. When he was fined himself, out he walked and began to punch Davis. Today Holmes is taking a little vacation, and Davis umpires with a rag tied around his face.

RUBBER TIRES MAY DROP SOME

Automobile owners may be able to buy their rubber tires a trifle cheaper after September 1, providing the rubber trust does not conspire to prevent a reduction in prices. Tires are a continual source of expense, and cost anywhere from \$20 to \$60 each, according to the brand and the kind.

VAN HALTREN'S DIAMOND HISTORY

What Others Say of the Local Manager.

Here is the way they discuss our players abroad. A Los Angeles exchange has the following to say about Manager Van Haltren of the Oakland club:

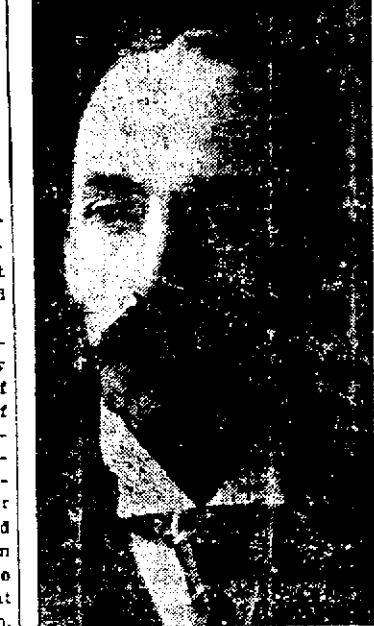

"Father Van Haltren, the Methuselah of Pacific coast baseball, is now the guide, philosopher and friend of the Oakland team. Also the chief rooster and director of the anvil chorus. Had it not been for a badly broken leg, 'Rip' would still be the proudest gem in New York's crown. For ten years Father Van Haltren cleaned up the garden for the New York team and then he broke his leg trying to backpedal on the fly. New York went into mourning for their grand old man, but the big league is a bad place for a gent with a dinky prop, and Rip floated back to the West again.

"He left California in 1887, a fine young man with a downy chin. He came back sixteen years later with a bunch of moujik whiskers just south of his nose and the greatest case of Charley Horse ever brought here on wheels. But it is an ill wind that blows nobody good, and Rip's broken leg is Oakland's gain. In this particular case the blow almost killed father, but he recovered in time to sign with a Coast League team, and he is now a fixture on the Western slope.

SUCCEEDED LOHMAN.
"He succeeded Pete Lohman as the 'Whole Thing' on the Oakland team, and to hear him lay down the law to some of those over-exuberant bushers is a rare treat.

"Baseball is Van's seventh instinct. Roasting an umpire is his eighth. Have you ever seen a close decision given against a Greek anywhere on the four-sack circuit? Yes? Well, you know how that Oakland infield bunches up into a knot of agony and follows the trembling umpire back to the pitcher's box? Look as often as you like and you will always find Rip Van Haltren right on hand with his little hammer. How does he get in from his lonely post in center field all in a few seconds? That's what we all want to know. Any time there is a chance for a kick you will find Father there like a Muscovy duck. He seems to smell a bad decision coming and he leaves for the firing line about the time the runner departs from the plate outward bound.

"No tale of Rip would be complete without his remarkable history. 'He says he is forty years old. We will let it go at that. Far be it from us to question a gentleman's age, but we can remember when—but what's the use? Rip says he is forty and forty let it be. It reads just as easy in print. And he says it so easy, too. 'But he admits that he has been playing baseball for the past thirty-two years. When it was pointed out to him that this would make him a ballplayer at the tender age of eight

MANAGER GEORGE VAN HALTREN.

years he swallowed hard once or twice, and then said fiercely: "What of it? What of it?" "So we let it go again."

EAST IN 1887.
"He played baseball all over the coast in semi-professional teams, but in 1887 he decided to make his pitching arm buy his pork and beans and began working with the Greenhood and Morans of Alameda.

"It took him just one year to show the Easterners that he was a real wiz. In 1887 he left the coast bound for the Chicago National team. His friends gave him a great banquet, and other things. They told him that he would make good in the fastest company in the world and Rip believed them. "For two years he was a cub, during which time he pitched, played the outfield and dubbed around second and third base. Then he joined the Brooklyn Brotherhood team as pitcher and fielder, where he more than made good. Then he journeyed down to Baltimore, where he hung around two years, playing shortstop the first year and left field the second.

"In 1892 Baltimore peddled him to Pittsburg, where he lingered one year. Then Pittsburg sold him to New York and his wanderings were over. He played in the garden for ten long years and then his broken leg cut him out of the swift company. "Rip walks with a slight limp, but he can run as fast as any of the youngsters, especially when he wants to breathe something warm into the umpire's private ear. There is nothing the matter with his batting eye and he is sure death on fly balls.

"Rip is the grand old man of baseball. Long may he continue to get under them out where the flagpole casts its shadow. California has reason to be proud of George Van Haltren, one of the first of the good men who left the coast for the big league. If 50 per cent of our recruits do half as well as Van Haltren, we will have another cause for self-congratulation."

CONCORD TO HAVE BIG MEET

MARTINEZ, July 24.—Preparations for the September racing meet on the Concord track are being made by the owners of likely horses in Contra Costa county. The directors of the Mount Diablo Racing Association are having the track put in good condition and have erected new buildings and enlarged the stables.

James Groves, well known in this part of the state, is located at Concord track, where he has quartered his five year old from the famous Alta Mont-Bau fells and a two year old filly by Bert Logan-Blae Belis. The Brenwood stock farm, near Knightsen, will start several of the best known turf favorites in California. Among them are The Weaver, grandson of Ormonde, owned by millionaire Wilson of New York; Hamilton II, by Iroquois, winner of the English Derby; Rubicon, Sweet Tooth, San Remo and Clydeo, all well known California colts.

Cal Vidal's two year old colt Bankara, W. P. Magrane's Hard Press and H. C. Brougher's Bill Mackay are regarded as likely candidates for honors at the meet.

RACE LOST BY HIS FOUL RIDING

NEW YORK, July 24.—The Brighton stewards are determined to put a stop to foul riding. Because of foul tactics all through the race Jockey Finn was set down for two days yesterday, and his mount, F. A. Fourty's Tourne, 5 to 1, who finished first in the Undergraduate stakes for two year olds, five and a half furlongs, was disqualified. The decision gave the race to R. T. Wise Jr.'s Montfort 4 to 1, the second choice.

Wise men did not care for Klam-furva at 6 to 5 in the handicap at six furlongs and the crack mare ran accordingly, coming home in a rush. Hanzarra on the other hand, backed down to 9 to 2 showed a form reversal and came to the wire three lengths in front of Far West. The Patchogue stable's, Belle of Iroquois, 8 to 5, was the only successful favorite. She ran away from the big field in the last race for maiden two year olds fillies and geldings, five and a half furlongs.

leads all other first basemen by distances which a metropolitan enthusiast can never measure.

"Chase, great in name, has been greater in action. The Yankees' grand percentage of victories has been built by Chase more than any other individual. The Yankees do not attempt to deprive the young Californian of the honor marks his work has merited, but in the rush of peevish buying the individual grouches of one man is often buried beneath the huzzah of base hits and an avalanche of runs."

A Modern Miracle.
"Truly miraculous seemed the recovery of Mrs. Mollie Holt of this place," writes J. U. R. Hopper, Woodford, Tenn. "She was so wasted by coughing up pus from her lungs. Doctors declared her end so near that her family had watched by her bedside forty-eight hours; when, at my urgent request, Dr. King's New Discovery was given her, with the astonishing result that improvement began, and continued until she finally completely recovered, and is a healthy woman today." BECOMING A MOTHER
of the suffering and danger in store for her, robs the expectant mother of all pleasant anticipations of the coming event, and casts over her a shadow of gloom which cannot be shaken off. Thousands of women have found that the use of Mother's Friend during pregnancy robs confinement of all pain and danger, and insures safety to life of mother and child. This scientific liniment is a god-send to all women at the time of their most critical trial. Not only does Mother's Friend carry women safely through the perils of child-birth, but its use promptly prepares the system for the coming event, prevents "morning sickness," and other discomforts of this period. Sold by all druggists at \$1.00 per bottle. Book containing valuable information free. The Redfield Regulator Co., Atlanta, Ga.

TWO MEN PREPARE TO SWIM ENGLISH CHANNEL
Two Americans, George Kistler of Philadelphia and William J. Glover of Elkton, Md., are now preparing for an attempt at the blue-ribbon feat of navigation, swimming the English Channel, an undertaking fit for a Leander, and which, although many have tried, has only been once accomplished.

They are not working together. In fact their ventures are entirely separate. Kistler is getting ready in Philadelphia. The funds for his trip are being raised by the University of Pennsylvania students, at which institution he is instructor in swimming.

Glover, accompanied by Carlisle D. Graham, will get ready by practicing in the strong currents of the St. Lawrence river, where he thinks are more nearly duplicated than any prevail in the world, the conditions of water that separates England from France.

BEST UNITED STATES SWIMMERS.
These two men are undoubtedly the best long-distance swimmers in the United States, and both have the endurance and courage which are requisites to the great task.

It is only about twenty miles across the channel, and a good swimmer could navigate the distance without difficulty but for the perverse currents, which put it out of question for even a big ship to pursue an absolutely straight course. Webb won undying fame by swimming the channel way back in 1875, it was estimated that he had covered not less than forty

BOOKIES GET WORSTED IN BATTLE
SEATTLE, Wash., July 24.—Four favorites got home in front at The Meadows yesterday afternoon, depleting the bank rolls of the books to a marked degree. Intermide, Seaside and Lucien were especially well played, while Royal Rogue went back in the waging and was a very lukewarm choice.

Royal Rogue reeled off his six furlongs in 1:12½, and did it very handsomely under a good ride from McBride, even with a good start.

NO PRAISE TOO HIGH FOR CHASE
Here is what one New York paper has to say of Hal Chase, the California boy, who has taken the east by storm from the moment he entered the big league:

"When baseball biographers cease dallying with ancient preserves there will be but one popular candidate for the first place among the stalwarts who attempt the guardianship of first base. Hal Chase has done so much for the Yankees that Mr. Griffith has no idea of the proper compensation.

"Just now a rugged young chap named Chesbro is putting the game of Chase near the loftiest of baseball pinacles. Chesbro is sure that he never worked with a first notcher who did so much to turn back unwary base-runners. Silk O'Loughlin, umpiring king, and Connie Mack, one of the greatest baseball leaders, declares that Chase

GRANEY SAYS HE'LL HAVE A MATCH
SAN FRANCISCO, July 24.—Eddie Graney has been keeping the wires hot trying to get a match for the September date. He still stands pat on the Nelson-Gans proposition, and says that will be the card. He says that he will have definite information within the next thirty-six hours.

Morris Levy is also very busy. He is scheming to get a "money-getter" for the same date. If Graney fails, Morris may be able to fill in.

STOCKHOLDERS' MEETING.
Orkland, Cal., July 16, 1908.

OFFICE OF THE BERKELEY ROCK COMPANY—
TO THE STOCKHOLDERS OF THE BERKELEY ROCK COMPANY:
Please take notice that the annual meeting of the stockholders of the Berkeley Rock Company will be held at the principal office of the company, in the city of Oakland, Alameda County, California, on Tuesday, the 7th day of August, 1906, at 7 o'clock P. M., for the purpose of electing Directors, and for the

transacting of such other business as may properly come before the meeting.
The Stock Transfer Book of the company will be closed on Tuesday, July 17, 1906, at 3 o'clock P. M., and will remain closed until Wednesday, the 28th day of August, 1906, at 10 o'clock A. M. By order of the Board of Directors.
JAMES E. CRANE, Secretary.

DIVIDEND NOTICE.

The CENTRAL TITLE INSURANCE COMPANY has declared for the quarter ending June 30, 1906, a dividend of one dollar and fifty cents (\$1.50) per share on the capital stock of company, payable on or after the tenth day of July, 1906, at the office of the company, No. 505 Broadway, Oakland, California.

F. W. HILGER, Secretary.

DID NOT LIKE HER HOME

So She Left It and Sued for Divorce, Which Was Granted Today

Superior Judge Ogden has granted a final decree of divorce to Agnes G. Striker from Frederick C. Striker on the grounds of desertion. The couple married in San Francisco in 1899 and went to Alaska in 1902. A year later they separated, the wife not approving of the home provided for her and finding fault with the climate and the mode of living. Upon her return here she filed the suit for divorce which has been granted.

Mrs. Magde Linder has sued Albert Linder for divorce on the grounds of cruelty. She asks for \$250 attorney fees, \$40 a month alimony, and a division of \$2000 community property. She also asks custody of Juana Linder, the twenty months' old daughter.

On the grounds of cruelty and desertion Mrs. Agnes Mason sued her husband, Richard Mason, for divorce. There are two minor children. \$500 worth of community property. The wife asks for a reasonable sum for the support of herself and children.

YOUNG WOMAN CUTS THROAT

Makes Attempt to End Her Life During Fit of Despondency.

SAN FRANCISCO, July 24.—Mrs. Josephine Baldwin, a widow residing at 312 Oak street cut her throat and left a note with a carving knife last night in an attempt to end her life and now lies at the Central Emergency Hospital.

Mrs. Baldwin, who, since the death of her husband five years ago, has been very despondent, has threatened to end her life before, and as a result her relations kept a close watch on her movements. Yesterday she stealthily secured a knife and inflicted serious wounds upon herself.

Sitting at her dressing table and bleeding to death, she was discovered by her father, Joseph Baldwin. He immediately called an ambulance and his daughter was taken to the hospital, where she has since been under the care of Dr. McGowan.

Mrs. Baldwin is 31 years old, and has a daughter 7 years old. She is a granddaughter of the late John G. Brown, who owned the street of that name received its title. The Baldwins and the Browns, whose names are household words to San Franciscans, are also relatives of this little woman.

INSURANCE MEN WILL REVEAL

Promise Statement As to Their Plans to Be Made Next Thursday.

The uncertainty as to what will be done in the matter of settling the losses sustained in the late great fire in San Francisco by the Commercial Union, Pacific and Alliance Insurance Companies and, probably, also the Norwich Company will be settled Thursday next. On that day, according to the representatives of three of the companies mentioned, a statement will be issued to the public settling all the questions between these companies and the people who held policies on them on property which was destroyed in the great catastrophe across the bay.

All these companies have their headquarters in England and are supposed to be financially sound. At the same time, each of them has in its policy a clause, the purpose of which is to absolve it from responsibility for loss which may be sustained directly or indirectly through earthquake.

They refuse to make any announcement as to what they propose to do by way of settling the claims of their policy holders, although a number of other insurance concerns have outlined their plans.

The representatives of these companies, E. Roger Owen of the Commercial Union, and E. J. L. Lomas of the Pacific, and E. J. L. Lomas of the Alliance, have been quoted as saying that the companies were willing to pay seventy-five cents on the dollar regardless of the presence of the earthquake clause in their policies. This story, however, has been pronounced a misstatement as no decision has been reached on the subject.

Regarding the matter, E. Roger Owen, representing the Commercial Union and Pacific, said today to the TRIBUNE reporter:

"We hope to be able to make a statement Thursday next as regards what our companies will do. That statement will be given to the papers. I cannot be prepared earlier than that."

"In that statement," Douglas Owen, representing the Alliance, "every feature of the case, including the amount of money which will be paid to policy holders will be set forth. A statement to the same effect may be issued by the Norwich Insurance Company, but we can not speak for that company."

HALF HER AGE HE IS PARTNER BY MARRIAGE

Otto Schwarz, 27, Fruitvale. Helen B. Bauhofer, 50, Fruitvale. This is one couple among many who applied for a license to marry at the county clerk's office yesterday.

Schwarz, who was formerly a cement worker in San Francisco, was with the thousands who were driven from the city across the bay on the memorable morning of April 18th, and since his arrival on the shores of Alameda county he has been residing in Fruitvale. He accepted a position in a retail liquor store on Hopkins street near Fruitvale avenue in Diamond, said to be owned by Helen Bauhofer, the woman of his choice. Helen Bauhofer is fifty years of age, while Schwarz is but twenty-seven, but this disparity in ages does not affect the happy heart: beats of the couple, and the bride, it is said, seems happy in the thought that by the marriage ceremony, Schwarz will be in a position to be proprietor instead of employee in the liquor store at Diamond.

JAIL FOR HEIR TO MILLIONS

Refugee, Suing for \$10,000,000 Estate, Arrested for Disturbing Peace.

Louis A. Levy, the contestant of the will of the late Louis Friedman, the multi-millionaire of San Francisco, is in the city prison on a charge of disturbing the peace of M. Rieglemann, his neighbor. Levy has been living in a tent at the corner of Twelfth and Bush streets, having left San Francisco during the conflagration. Rieglemann swore out a warrant for Levy's arrest claiming that he had disturbed the neighborhood by his actions. At the time Levy was arrested, he gave the name of Louis Bissen.

His case was called this morning in department 1 of the police court. When asked for his plea he said that he was not guilty, and stated that he would be tried first by the court and then by a jury. He was given until tomorrow to decide what he will do.

When seen in the jail this morning he said that he was the son of the late Jacob and Sophie Levy. His mother, he claims, was the sister of Friedman, the late millionaire, whose large estate of ten millions was bequeathed to charity.

Levy is contesting the will upon the grounds that the name signed to it was a forgery. He says that he is the only heir to the estate.

Friedman was a bachelor and in his will left all to charitable institutions. The contest of Levy is now on in the courts of San Francisco and will soon come to trial. Levy states that he has letters which will prove his contention.

In regard to the local case, Levy claims that he is being persecuted by his neighbors, for what reason he does not know.

GARDNER SET FREE. Although everything pointed to a determined effort to obtain a conviction in the case of William Gardner, charged with an assault on fifteen year old Lena Horn in Alameda some months ago, he was today put on probation for the next six years by Superior Judge Harris on motion of Attorney W. J. Connell for the defense.

This came as a surprise to those interested, and it may result in similar action in the case of Herbert Grant, who was implicated in the attack with Gardner.

In a report filed in the case by Probation Officer Ezra Decoto, it was reported that Gardner was addicted to the use of alcoholic liquors and that the girl was of immoral character and that Gardner was probably intoxicated at the time of the assault. On this showing the young man was allowed his liberty on probation.

CALLS ON SON. NEW YORK, July 24.—Mrs. William Thaw, Harry Thaw's mother, left yesterday for New York. Her son-in-law, George W. Carnegie, and Ethel Evelyn Thaw made another visit to the jail today.

WATER CLAIMS SIX LIVES AS DAY'S RECORD CHICAGO, July 24.—Six lives were constituted the total paid yesterday by Chicago and its vicinity to lakes and rivers. Two boys were drowned while swimming. One lost his life in the effort to get a water lily fifteen feet from shore. A man fell from a bridge where he was fishing. The fifth victim died from injuries suffered by striking a timber while diving. The sixth fell into the river while running to catch a ball in a baseball game.

DEAF AND DUMB ACT IS A SHAM

Police Claim Beggar Pretended Infirmary to Excite Sympathy.

There was the usual array of cases on the dockets of the Police Courts this morning.

Frank Kelly, who has been arrested many times before for being drunk and begging, and asked for a jury trial, which was set for August 23. Kelly does the deaf and dumb act when asking for alms. He tried to conceal his identity when arrested, but the police knew him as an old offender.

Joseph Silva pleaded not guilty to the charge of battery, preferred by his wife, Mrs. Maria Silva. He disclaimed having ever committed any such offense, but when he was arrested he told Policemen that he would have killed his wife if she had not refused to let him go. He told the officer that he knew his wife to be unfaithful and that he had attacked her when she disclaimed his accusation. The couple reside at 735 Henry street.

Victor pleaded guilty to battery on Henry Herbst. The latter owns a flat which he rented to Victor. Herbst went to the place and did some carpentering work. Victor objected to the noise and asked Herbst to stop and get out. He asked Herbst to do this and Victor threw him out. Victor will come up for sentence tomorrow.

The case of H. H. Ingram, charged with wife beating, will come up again tomorrow for the filing of a complaint. Harry S. Dunbar, accused of passing a fictitious check of \$10 on Adeline M. Church, will come up for trial on July 30. Dunbar presented the check in payment for some goods and received the change.

Mary Carroll, who has been in court so many times that she has lost count, was her own counsel in the hearing of the charge of disturbing the peace preferred against her by Andrew Matson. She quizzed the complaining witness in an effort to ascertain whether or not a bottle of whisky which figured in the case belonged to her or her consort. She found out that it did not belong to her and sat down fully satisfied that she was not guilty. She was given five days by Judge Smith.

Victor Deiondane, charged with battery, demanded a jury trial in department two and it was set for September 23.

MANY COUPLES SEEK HAPPINESS

Marriage licenses have been issued as follows: Otto Schwarz, 27, and Helen B. Bauhofer, 50, both of Fruitvale; William H. Hoffman, 25, and Margaret Noonan, 24, both of Oakland; Carl Sanders, 35, and Elizabeth Simmer, 30, both of San Francisco; Leland J. Wood, 23, and Alice Albert, 22, both of San Jose; Albert and Mamie Geary, 19, both of Oakland; Andrew Thompson, 34, and Anna Christensen, 38, both of San Francisco; Sidney H. Covington, 40, and Louisa Harmon, 35, both of Oakland; Charles F. Pascoe, 36, and Elmer Scott, 18, both of San Francisco; Joseph Terry, 24, and Lena Silvera, 20, both of Fairfield.

LUCIUS BOOTH'S WILL IS FILED

The will of the late Lucius A. Booth, who died July 18, has been filed for probate. The will is holographic, and leaves nearly the entire estate of \$40,000 to Luita Booth Sherman, daughter of the testator. His valuable pictures are to be divided amicably between Mrs. Sherman and Mrs. Mary B. Phelps, another daughter. P. L. Sherman, another son, Sherman, is named executor without bond.

BIG STRIKE AGAINST SOUTHERN PACIFIC

NEW ORLEANS, July 24.—Several hundred car repairers of the Southern Pacific Company struck here today for a recognition of their union.

MUTINOUS SAILORS SENT TO RUSSIA

VIGO, (Spain), July 24.—The mutinous seamen of the Russian cruiser Terek have been landed and were forwarded to Russia by the Russian consul.

TAKES POISON.

LOS ANGELES, July 24.—W. J. Hudson, the engineer who last night shot and instantly killed his wife, Lulu Freese Hudson, at the home of Dr. Housin of Pasadena, was found today unconscious at the Fairmont lodging house in this city, and died a short time later at the receiving hospital from the effects of carbolic acid taken with suicidal intent.

Hudson came to this city from Pasadena last night two hours after he had killed his wife, having successfully made his escape from the scene. The police of the two cities searched for the murderer but failed to find him. He had arrived at the Fairmont about a week ago from San Diego and had taken a room, registering under the name of William Moore.

CALLS ON SON. NEW YORK, July 24.—Mrs. William Thaw, Harry Thaw's mother, left yesterday for New York. Her son-in-law, George W. Carnegie, and Ethel Evelyn Thaw made another visit to the jail today.

JUDGE MAKES NEW RULING

Decides Novel Point for First Time in Alameda County.

For the first time in the history of the Superior courts of Alameda county it was today decided by Superior Judge Harris, sitting in the probate department for Judge Melvin that although an interlocutory decree of divorce has been granted, the divorced husband or wife is still entitled to inherit from the other in case of the latter's death and where a final decree has not been granted.

This point came up this morning in the matter of the estate of the late George William John Atchison, former proprietor of the A Mon Chateau, in Pleasant valley. Although this is the first decision on that particular point since the law of divorce concerning interlocutory decrees was passed in 1903, it is in line with other decisions on other phases of the law.

Mrs. Atchison appeared in court and asked that the property be set aside for her, and despite the granting of the interlocutory decree, the petition was granted.

STOLE CLOTHES

William Reed was this afternoon arrested on a charge of stealing goods from a wagon of the Oakland Parcel Delivery Company. H. Lafferty, driver of the wagon, claims to have seen the man take four suits of clothes from his rig. James Peoley, manager of the company, states that there have been going on for some time a series of robberies of suits of clothes from the company's stock. The man was taken at the corner of Thirteenth and Washington streets.

JAP PURSUES A MAN WITH HATCHET

T. Yamata, a Japanese laborer of San Leandro, was arrested today by Constable Olympia and taken to the insane ward of the Receiving Hospital. He will be examined tomorrow as to his sanity by Judge Ogden. When Yamata was arrested he was in the act of chasing a fellow countryman by the name of H. Makama with a hatchet. Last night he was sitting on the top of a water tank near the railroad in San Leandro, and attention was first called to his condition by a passer by. His arrest followed today.

BOARD OF EQUALIZERS REDUCES ASSESSMENT. The Board of Supervisors met this morning as a Board of Equalization and reduced the assessment on improvements by Bell L. Gould on a lot in Plot 76, Peralta Rancho, from \$2900 to \$2500.

MAYOR COMING. Edward T. J. Tyrrell, secretary to Mayor Mott, has received a letter from Mr. Mott, written in New York, stating that the Mayor would return to Oakland this week, reaching here Friday night or Saturday morning.

FIREMEN ASK RAISE

BERKELEY, July 24.—Following the lead of the policemen of Berkeley, the firemen in this city's employ are to demand more money. They are basing their claim in part on the fact that the engineers and firemen now receive but \$70 per month, while the rates of their unions, the electrical engineers' union, stationary engineers' union and the marine engineers' union, provide for a scale of \$3 a day, which would be \$9 per month. These men who belong to the union ask for the extra \$20 per month.

The other firemen in the department who are not members of the union were promised a salary of \$80 a month after the first year, which was up several months ago, and they ask for \$30.

Engineer J. Loveland is preparing a report on the matter which he will submit to Chief Kennedy, who will in turn present this to the Board of Trustees.

FIREMAN IS BEATEN

H. O. Williams, a non-union fireman in the employ of Beedle Brothers, was attacked and beaten by fifteen alleged union sailors at noon today as he stepped from the steam schooner Greenwood to get his luncheon. He was taken to the Receiving Hospital where he was treated for painful lacerations and contusions of the face by Dr. Koford.

The schooner is moored at First and Webster streets. Williams says that as he left the ship he was jumped upon without warning and severely beaten. He states that the firemen have no quarrel with the sailors' union and that he is not filling the place of any of the strikers in the union.

Before he was able to make any explanation of his case, he says the assault took place. He is of the opinion that had the union sailors known that he was a fireman, and not a party filling of the place formerly held by one of the men out on strike, he would not have been assaulted. No arrests have as yet been made.

THIEF MAKES GREAT HAUL

Robs Trunk of Jewelry of All Sorts Worth Nearly \$15,000.

SAN JOSE, July 24.—A very clever thief in Gilroy last night succeeded in stealing from a trunk valued between \$500 and \$1000. The robbery occurred in the jewelry store of Harry Frutis, the owner of the stolen property being the junior member of the firm of Elsberg & Elsberg of San Francisco.

Mr. Elsberg arrived in Gilroy last night on the 8:40 train and was engaged in displaying his wares in Frutis's store until about 10 o'clock.

Upon leaving the store the trunks were closed and allowed to remain in the building. This morning it was found that the store had been entered and one of the trunks looted. The most valuable part of the stock taken consisted of diamonds. Of the stock stolen there was a number of rings. No definite clue has been discovered as yet to the burglar.

TRIES SUICIDE FOR SYMPATHY

Edward Cohen, a commercial traveler who of late has been residing at 826 Broadway, was treated at the Receiving Hospital last night for laudanum poisoning. The drug, it is alleged, having been taken Sunday afternoon. Cohen states that the reason he is still alive is that he took an overdose of the poison and it was ejected by his stomach. He, however, was in a stupor until found by the police and taken to the hospital. After a momentary treatment there by Dr. E. J. Rice, he was able to make his way to his room alone.

Because of this the police are skeptical as to the statement made by Cohen. He says that his parents are prominent residents in Portland, Ore., and that he took the drug during a fit of despondency caused through the fact that his folks had cast him off for a reason unknown to him.

The police, however, slyly wink the other eye and believe that in view of all the circumstances in the case, he took but a small dose of laudanum to make his plea of attempt at suicide a strong one and that he never intended to end his life. It is believed by the police that Cohen carried out a ruse with the object of winning back the affection of his relatives and that he hoped to profit by his act.

Cohen, however, insisted that he was in earnest and that he is living only because of the fact that he did not know the exact effects of laudanum and unconsciously took an over dose.

After treatment at the hospital he returned to his room on Broadway.

DIAMOND QUEEN ON TRIAL AGAIN

Fanny Rosenthal Faces Court Second Time on Charge of Shoplifting.

BERKELEY, July 24.—Fanny Rosenthal the "Diamond Queen" was tried this morning before Justice Edgar on the second charge of shoplifting. This offense was alleged to have been committed on June 26th.

Trimnings to the value of \$5 were found in Mrs. Rosenthal's trunk when it was searched soon after she was arrested. These trimmings were identified by Hink & Son as belonging to them. Today was spent in impugning a jury to try the second charge against the "Diamond Queen." It is not probable that the trial will be finished before 6:30 tonight.

HEAR COMPLAINTS OF RAILROADS

SACRAMENTO, July 24.—The State Board of Equalization met today to listen to the complaints of the representatives of the Nevada, California and Oregon and the Sierra Valley railroad, but they failed to appear, so their hearing was postponed until next Friday. The board examined the statement of the Gualala railroad and then decided to take a trip to Dutch Flat to investigate the hills near that place. Tomorrow they will hear the representatives of the Nevada and Pacific Coast railroads.
